

Transform  
your smile  
and your  
life...

...with  
a snap.

ACTUAL PATIENT

We are pleased to offer **Snap-On Smile<sup>®</sup>**, the patented, Multi-Purpose Restorative Dental Appliance that is removable and requires no shots, drilling or adhesives. You can even eat with it. A painless, affordable solution, it can be used long-term or as a transition to more extensive cosmetic and restorative procedures.

**Snap-On Smile offers a unique solution for:**

- Covering uneven or crooked teeth
- "Closing" spaces between teeth
- Increasing lost tooth height
- Replacing missing teeth
- Enhancing an existing smile ruined by stains or cracks
